## Excursion & Incursion Permission Form

15<sup>th</sup> February 2019

Dear Parents

Most of your child's educational programme will be delivered by staff at the school during school hours. Teachers may also choose to deliver it by inviting people to the school ('incursions'), or taking the students to activities outside of the school grounds ('excursions'). You will be informed in advance about the dates and times of these activities and any support your child will need from you to participate. If an activity is optional because it falls outside your child's educational programme or it attracts a fee, you will be asked to fill out a permission slip to allow your child to participate. You should make sure your child's emergency contact and other details are up to date to ensure staff are informed about any issues that may affect your child's safe and full participation in an incursion or excursion. You should also notify your child's teacher of information about any activity that may be relevant to their supervision of your child. Below is a permission slip that covers all educational programmes (incursions & excursions) delivered during school hours. By signing the form, you are giving permission for your child to participate in these educational programmes.

Yours sincerely,

Travis Bienkowski  
Principal
