Don't forget students are also able to have icy pole buckets to celebrate their birthdays!

### Code of Conduct:

As a member of our school community, you are bound by and also a beneficiary of our Code of Conduct in all your behaviour in matters relating to our school. Our Code is not just a set of rules. It defines the healthy way we engage with each other that sets an example for all our students to seek and choose in their relationships. By doing so, we each exercise extended guardianship over them. Our community behaviour amplifies the protection of your child/children, and every other student in our collective care. The standards we set ensure our protection extends beyond the school gate, where sadly children are most at risk from unhealthy relationships.
